Test Cases

SEA Contributions for PILOT ED*Facts* File Specifications

- Review/Confirm/Correct existing ED*Facts* Connection
- Create test data
- Update data migration code to exclude IDS references
- Run Generate data migrations, validate accuracy in each CEDS component
- Record and then correct any bugs
- Submit code corrections and end-to-end test cases to OSC
- Modify code and test cases per OSC expert review
- Create ED*Facts* file submission and submit to EDPass
- Modify/Create Generate UI to support reporting using onscreen features
- Verify/modify toggle metadata requirements
